Dear Steve,

**RE: Walk to Cure Diabetes 2007**

Thank you for providing the sound equipment and services on Walk Day.

Brisbane's 13<sup>th</sup> annual **Walk to Cure Diabetes** was a fantastic day, with plenty of sunshine this year! It truly was an inspiration to see so many people walking to help find a cure for type 1 diabetes.

On behalf of the Juvenile Diabetes Research Foundation (JDRF), I would like to sincerely thank you for your generous support of the Walk on Sunday the 14th.

There were over 90 corporate organisations participating in the event in Brisbane this year and over 700 organisations participating nationally. Not to mention over 154 family and community groups walking in Queensland!

We are well on track to reach our National Target for 2007 of \$2.5 million, as a result of fantastic sponsorship, individual and team fundraising efforts. We will be able to provide confirmation of the financial results after fundraising concludes on 2 November 2007.

We are anticipating great things in 2008 and the funds raised from the Walk to Cure Diabetes will continue to fund vital and promising research. Your on-going support of JDRF through Walk sponsorship directly offsets expenses incurred through holding this successful event, and helps make research a reality!

Thank you again for your continued support, we hope to be able to work with you again in 2008.

Warm Regards,

Sally Scanlan  
Development Manager – Queensland
