Dear Steve

On behalf of *Riverfestival* we would like to offer our heartfelt gratitude to you for your significant contribution to *Riverfestival 2007*.

Both *Portside Delights* and *Pieces of a City* were a huge success and the feedback we have received has been overwhelmingly positive in large part due to your efforts to ensure the event ran smoothly and sounded stunning. We sincerely appreciate the time, energy and professionalism you invested to create this stunning event. Our sincere thanks go to you for your support and dedication to each *Riverfestival* event.

Thank you for your continued support of the festival. We hope the festival will have the opportunity to work with Steve's Pro Audio again to stage future events.

Yours sincerely
